

SBOL Visual 2.2 Reference Card

Genetic Elements

Aptamer	Assembly Scar	Blunt Restriction Site	Recommended CDS	Alternate CDS	Engineered Region	Insulator	5' Sticky Ends	3' Sticky Ends	Sticky Restriction Site
No Glyph	Omitted Detail	Promoter	Operator	Ribosome Entry Site	Terminator	Poly-A Site	ORI	ORI-T	Recommended Unspecified
Signature	Recombination Site	Primer Binding Site	Non-Coding RNA	Composite	Chromosomal Locus	Circular Plasmid			
DNA Location (Recommended)	RNA Location (Recommended)	Protein Location (Recommended)	DNA Location (Alternate)	RNA Location (Alternate)	Protein Location (Alternate)	Stop Site	Cleavage Site	Stability Element	

Molecular Species

Superpose Glyphs	Alternate Complex	Recommended Macromolecule	Deprecated Macromolecule	Protein	No Glyph
Generic Nucleic Acid	1-strand Nucleic Acid	2-strand Nucleic Acid	Recommended Simple Chemical	Alternate Simple Chemical	Recommended Unspecified

Interactions

Arrows	Nodes
